What is Single Person Company (OPC) Registration?

A Single Person Company is a unique business structure introduced under the Companies Act, 2013. It allows one person to own and manage the entire company while enjoying the benefits of a private limited structure. It is ideal for individual entrepreneurs who want to start small but plan to grow their venture legally and professionally.

With Taxlegit, the registration process is fast, reliable, and completely online. We help prepare and file all necessary documents with the Ministry of Corporate Affairs (MCA), obtain a Digital Signature Certificate (DSC), and get your Certificate of Incorporation.

Why Choose Taxlegit for OPC Registration?

- **✓ End-to-End Support:** From choosing a unique company name to final incorporation, our team assists you at every step.
- **✓ FSSAI Certificate Assistance:** If your business involves food handling, processing, or distribution, we also help you apply for your [FSSAI certificate](#) online.
- **✓ GST Registration:** Every registered company needs to be GST compliant. We help you **register for GST online**, ensuring your OPC is tax-ready from the start.

Benefits of Single Person Company Registration

- **Limited Liability Protection:** As the only director and shareholder, your personal assets remain secure.
- **Complete Control:** Unlike a private limited company with multiple directors, you make all decisions independently.

- **Easy Compliance:** With fewer legal requirements than other company types, OPCs are easier to manage.
